

# THIS WEEK IN 3D!

May 20, 2016

Dear Families,

Happy Friday after the concert! Last night's performance was great. I hope you enjoyed it as much as I did. Your children looked very poised and mature up there on the stage. They really showed that they are almost fourth graders. Thank you to all of you who made the effort to get them ready and to the show on time. It was a special night.

This week in class we have been working hard to finish things up, learn about animals and Hartford history, explore the desert habitat, and create polygons out of tangrams, to name a few activities. As the year comes to an end, the homework will decrease and the topics of study will stay the same. We will try very hard over the next two weeks to finish all the pending work so the final week can be a mellow wrap-up to the year.

On June 3rd both 3rd grade classes will be going on a tour of Hartford in order to see history first hand. This will include a trip to the Hartford Historical Society, a visit to an old school house and a tomb, and lots information given to us by Mr. Sadowski, who will be leading the trip. Students will need to bring snacks, lunches, and water bottles with them that day since we will be having a picnic lunch. Please let me know if I need to arrange a brown bag lunch from the cafeteria for your child that day. If I do not hear from you, I will assume you are sending your child with a home lunch. No candy or soda should be packed in the lunches. Thank you for your assistance with this. It should be a fun (and likely exhausting) day.

Thursday, June 9th is the last day of school. We will have field day and step-up day. As you may have heard, I will be teaching fourth grade next year. Although students will have a homeroom teacher that they will be assigned to on step-up day, both Christine Bourne and I will be teaching all your children next year (classes will switch after lunch). I'm very excited about it because this is such a great group of kids. I look forward to working with you all again!

## Important upcoming dates:

June 3 -- 3rd grade field trip

June 9 -- Field day, step-up day, LAST DAY OF SCHOOL!

Enjoy your week!

Sincerely,  
Kim
